RIDA ALSHAMMARI

Eng. Computer science

Rida Assim Alshammari
2/2/2003

A passionate Computer Science Engineer with a strong interest in UI/UX design and front-end development

Dedicated to creating seamless, user-friendly web experiences Skilled in designing and developing functional and visually appealing interfaces Continuously learning and evolving to contribute effectively to the digital transformatio

Education

Bachelor of Science in Computer Engineering
Hail University Expected Graduation
December 2025

Soft Skills

- Ability to analyze and simplify technical problems in a logical and efficient manner

- Self-learning and quick adaptation to new technologies

- Combining creativity with technical solutions to create unique digital experiences

Interests

Passionate about technology
AI, web development, and exploring
innovative solutions in the tech industry.

Skills

Programming Languages:
Python, Java, HTML, CSS, JavaScript

Web Development :
Front-end and back-end design and development Responsive Web Design & UI/UX Web Performance Optimization Cross-Browser Compatibility Web Accessibility (WCAG Standards) SEO for Web Development

Networking :
In-depth knowledge of networking protocols configuration setup and network security Network Fundamentals & Security Basics Packet Tracer & Wireshark (Network Analysis)

Development Tools and Environments
Git, GitHub, Visual Studio Code, NetBeans, Visual Studio

Virtualization & Container Technologies
VirtualBox, Docker

Cloud Technologies
Microsoft Azure

Database Management
SQL, Microsoft Access

Operating Systems
Linux, Windows

Design Tools
Figma, Canva

Final Graduation Project

Description
My graduation project focuses on developing an AI-based system to detect violence and non-violence in digital content such as text, images, and videos, aiming to enhance digital safety

Tools Used
Python, TensorFlow, OpenCV, scikit-learn, Keras
